

BRAKE KLEEN

Brake Cleaner

- Solvent based -
- Removes dirt, grease & residue -

BRAKE KLEEN is a solvent based cleaner designed to remove brake dust and excess contaminants built up around the braking system. Brake Kleen is fast evaporating and can be used as an effective parts cleaner and degreaser.

DIRECTIONS FOR USE:

Apply Brake Kleen using a specialised spray pump pack or by dipping or brushing on. Apply directly to contaminated surface and allow to air dry. Product will evaporate quickly leaving no residue.

PRECAUTIONS:

Highly flammable

FIRST AID:

If swallowed do not induce vomiting. Give a glass of water and seek medical advice. If in contact with eyes flush with running water continuously and seek medical attention.

SAFETY DIRECTIONS:

Keep out of reach of children. Avoid contact with eyes. Refer to SDS for more information.

Packaging Size:
5ltr / 20ltr
