

PRODUCT INFORMATION

KLEEN ZYME

Enzyme

- Non toxic -
- Destroys odours -
- Biodegradable -
- Revitalises systems -

KLEEN ZYME is a non toxic, stable fermentation based product containing biodegradable and environmentally responsible surfactants and natural compounds that help to stimulate microbiological activity. It will help eliminate odours and sludge build up in septic systems, holding ponds and grease traps etc by restoring the optimum environmental equilibrium of these systems.

DIRECTIONS FOR USE:

Holding ponds: 8 litres of Kleen Zyme per acre of surface area. Apply using spray pack or distribute to as many parts of the pond as possible. Initial dose twice per week then once per week thereafter.

Septic tanks: Initial dose 4 litres then 250ml per person per week.

FIRST AID:

If swallowed do not induce vomiting. Give a glass of water and seek medical advice. If in contact with eyes flush with running water.

SAFETY DIRECTIONS:

**Keep out of reach of children. Avoid contact with eyes.
Refer to SDS for more information.**

Packaging Size:

5ltr / 20ltr
